

## **Technical Specifications:**

### **Dual speed motorized movement for:**

SID adjustment, Arm elevating movement and rotation of the arm

### **Vertical travel:**

47.8" (1.215mm)

### **Rotation angle:**

150° (90° +/- 30°)

### **Line voltage:**

230; 240VAC (single phase)

### **PPG: Power consumption:**

2,5 kVa

### **STD: Power consumption:**

1,5 kVa
